ADAPTATEUR USB WIFI 54Mb/s

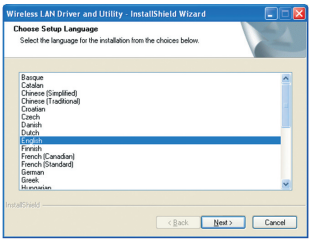
Introduction :
Merci d'avoir acheté l'adaptateur USB WiFi 54 Mb/s d'APM. Avant d'installer votre materiel, merci de lire attentivement ce manuel.

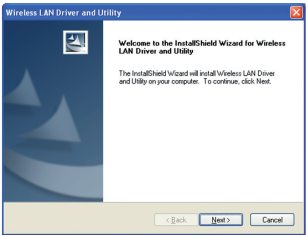
Contenu de l'emballage :
- Adaptateur USB WiFi 54 Mb/s.
- CD d'installation.
- Guide d'utilisateur.
- Câble USB.

Caractéristiques :
- Compatible avec les normes IEEE802.11g et IEEE802.11b.
- Interface USB 2.0.
- Fréquence : 2.4GHz.
- Compatible Windows 98SE/ME/2000/XP.

Installation :
Insérez le CD-ROM d'installation dans votre lecteur. Cliquez sur setup.exe pour installer le pilote. Choisissez la langue d'installation, et cliquez sur « Next ».



La fenêtre suivante apparaît. Cliquez sur "Next".



Wireless LAN Driver and Utility
Welcome to the InstallShield Wizard for Wireless LAN Driver and Utility
The InstallShield Wizard will install Wireless LAN Driver and Utility on your computer. To continue, click Next.

Ce logo apposé sur le produit signifie qu’il s’agit d’un appareil dont le traitement en tant que déchet rentre dans le cadre de la directive 2002/96/CE du 27 janvier 2003, relative aux déchets d’équipements électriques et électroniques (DEEE). La présence de substances dangereuses dans les équipements électriques et électroniques peut avoir des effets potentiels sur l’environnement et la santé humaine dans le cycle de retraitement de ce produit. Ainsi, lors de la fin de vie de cet appareil, celui-ci ne doit pas être débarrassé avec les déchets municipaux non triés. En tant que consommateur final, votre rôle est primordial dans le cycle de réutilisation, de recyclage et les autres formes de valorisation de cet équipement électrique et électronique. Des systèmes de reprise et de collecte sont mis à votre disposition par les collectivités locales (déchetteries) et les distributeurs. Vous avez l’obligation d’utiliser les systèmes de collecte sélective mise à votre disposition.

Este logotipo en el producto indica que se trata de un aparato cuyo tratamiento como residuo entra en el marco de la directiva 2002/96/CE del 27 de enero de 2003, relativa a los residuos de equipos eléctricos y electrónicos (DEEE). La presencia de sustancias peligrosas en los equipos eléctricos y electrónicos puede tener efectos potenciales sobre el medioambiente y la salud humana en el ciclo de reciclaje de este producto. Por lo tanto, cuando finalice la vida útil de este aparato, no deberá desecharse junto con los residuos urbanos sin clasificar. En tanto que consumidor final, su papel es fundamental en el ciclo de reutilización, reciclaje y demás formas de valorización de este equipo eléctrico y electrónico. Existen sistemas de recuperación y recogida puestos a su disposición por las administraciones locales (puntos limpios) y los distribuidores. Tiene la obligación de utilizar los sistemas de recogida selectiva puestos a su disposición.

Este logótipo colocado sobre o produto significa que se trata de um aparelho cujo tratamento para a sua eliminação é abrangido pela directiva 2002/96/CE de 27 de Janeiro de 2003, relativa aos resíduos de equipamentos eléctricos e electrónicos (REEE). A presença de substâncias perigosas nos equipamentos eléctricos e electrónicos pode ter um potencial impacto no ambiente e na saúde humana durante o ciclo de reciclagem deste produto. Assim, na altura do fim de vida deste aparelho, o mesmo não deve ser eliminado com o lixo doméstico não tratado. Como consumidor final, o seu papel é importante no ciclo de reutilização, de reciclagem e nas outras formas de valorização deste equipamento eléctrico e electrónico. Os sistemas de retoma e de recolha estão à sua disposição através das autarquias locais (centros de recolha de lixo) e dos distribuidores. Tem a obrigação de utilizar os sistemas de recolha selectiva colocados à sua disposição.
